ADMINISTRATIVE APPOINTMENTS

- **Program Director- Neuroscience Critical Care Fellowship** (UCNS and ACGME accredited). The University of New Mexico, Department of Neurology and Adult Critical Care Center.; Albuquerque, NM. July 2019- present. *This is the second fellowship I have started (see below). I created the curriculum and worked with the GME office to obtain funding and with the critical care center to collaborate in educational endeavors as well as the APPs to assist in the future education of UNMs first NCC fellows. The first fellow at UNM started July 2020. We have two currently (2021-22) and will have three (through the match) starting July 2022. We are one of the first five institutions nationally to have our fellowship ACGME accredited.*
- **Program Director- Neuroscience Critical Care Fellowship** (UCNS accredited- initial January 2013; re-certification- October 2016; next certification in 2021), The Ohio State University, Department of Neurology, Division of Stroke and Neurocritical Care, Columbus, OH. 2011- present. *This was a start-up program. I created the curriculum, obtained accreditation and have matched every year, taking this program from non-existent to training 5 fellows for my final year at Ohio State.*
- **Director of Education, Quality and Outreach for Neuroscience Critical Care, Departments of Neurology and Neurological Surgery, Division of Stroke and Neurocritical Care, Columbus, OH. 2013- present.** *In this role, I focused on creating education curriculums for learners in the NCCU (students, interns, residents and fellows). For the quality initiatives, we created committees, task forces and protocols to improve our quality numbers. Initially without financial support for a quality epidemiologist for our unit- our small NCC team and personally collected the data and calculated the numbers for one year until we were provided with support. We were a top hand hygiene unit with low numbers for VAP, CAUTIs, CLABSIs.*
- **Director of Neurosciences Critical Care Program and Founding Director of Neurocritical Care Unit, Departments of Neurological Surgery and Neurology, Division of Stroke and Neurocritical Care, Columbus, OH 2010- 2013.** *This was a start-up program as well. There was no neurocritical care prior to my recruitment by Dr. Nino Chiocca. I wrote the vision, established the business plan, brought together Neurology and Neurosurgery as well as Critical Care at OSU to agree on nursing cost centers, nurse practitioner support, pharmacy support, respiratory therapy support and 24/7 coverage model/support. I also wrote the initial protocols for admission processes to NCCU as well as OR/PACU protocols for movement to the NCCU for post-operative neurosurgical patients. I was part of the team that brought forth our JCAHO Comprehensive Stroke Certification.*
- Chief of Neurology, Forsyth Regional Medical Center and Novant Health, Winston-Salem 2007-2010
- Co-Director and Co-Founding Director of Forsyth Comprehensive Neurology Group Practice, Novant Health, 2003-2007
- Director of Stroke and Neurocritical Care, Howard County General Hospital and Maryland Neurological Center 2003-2005
